**ATTENTION: Inspection Equipment Supply Managers**

We are a Canadian Company - established as a partnership in the 1996 and incorporated in 1998  
We have many years of expert knowledge of the needs of our clients.

As the large multi-faceted corporation that you represent - we are sure that we could in some way help the various groups at your facilities

We supply both off the shelf (OTS) and customized video inspection systems to many clients around the world.

It would be a great pleasure to review any needs that you have for specialized or OTS inspection video systems.

We have attached a small group of representative notes on various systems that we have designed over these many years.

Please feel free to call and ask for me at the Toll Free Number any time

**Toll Free Line 1 - 800 - 213 - 8111**

Yours truly,
